Designed by award-winning architect Pauline Hurren and built-in 1996, A masterpiece that must be seen to be appreciated. Perfectly placed among approx 2.5 acres of gorgeous landscaping, you have an opportunity to own your very own piece of paradise!

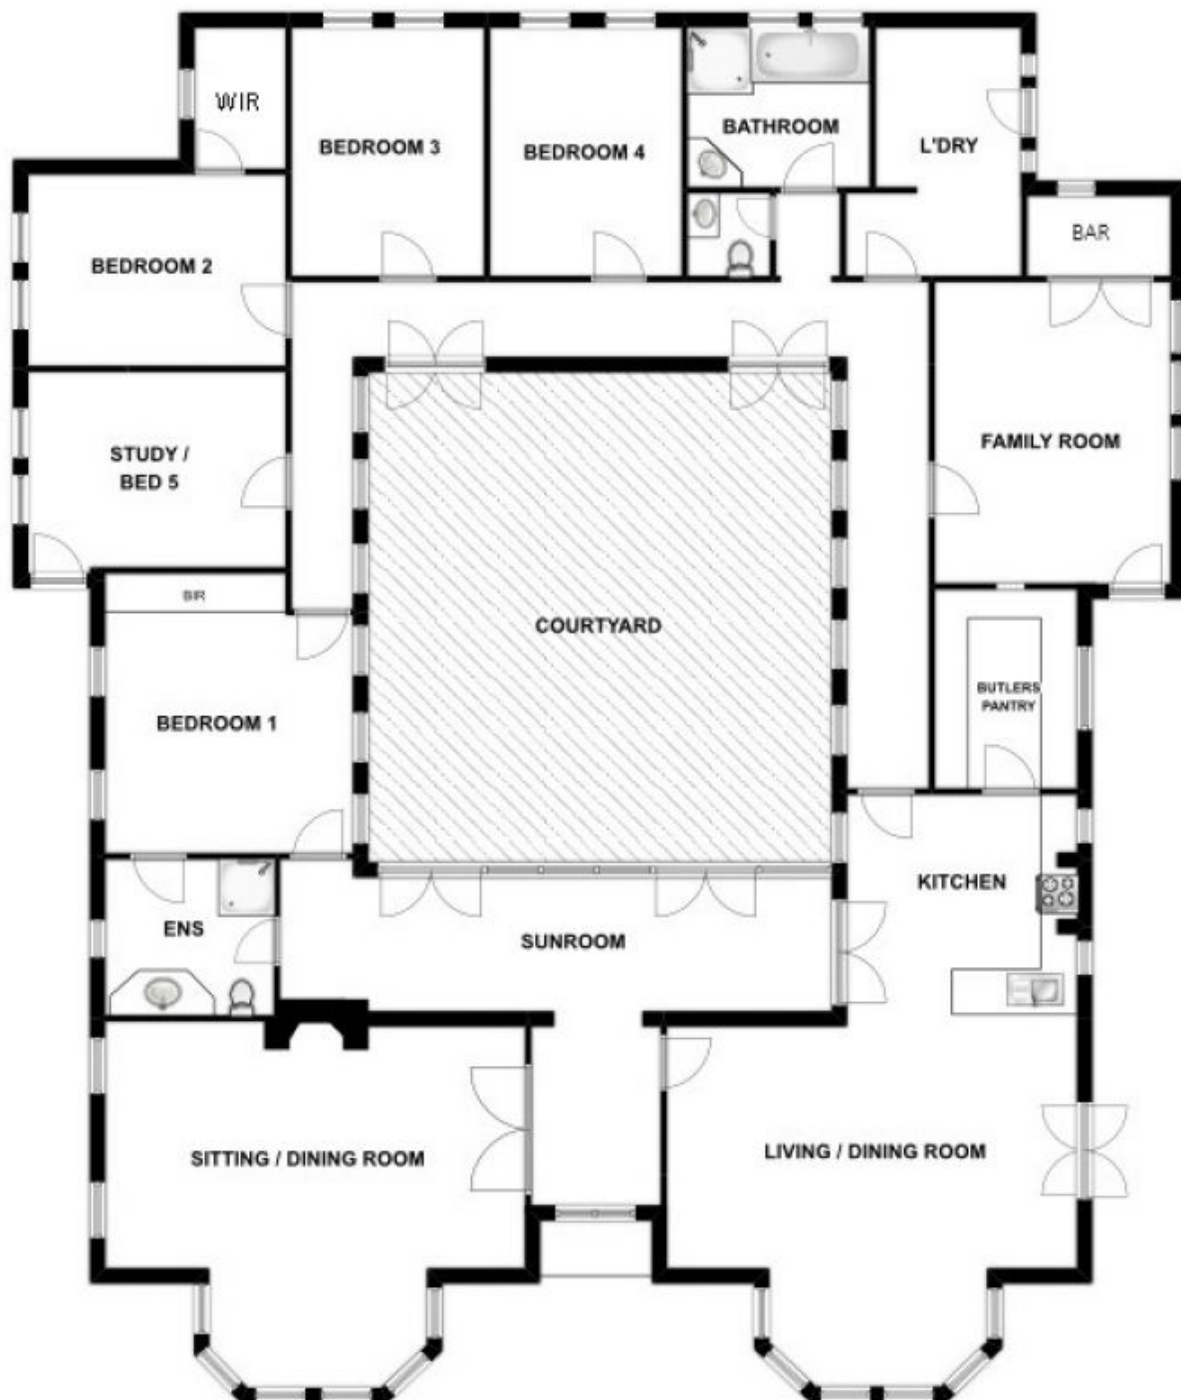

Approaching the property along the sweeping driveway, edged with agapanthus, lavender and native planting. You're greeted by the grand, split stone design and north-facing double bay windows. 9 & 1/2 foot ceilings throughout the home, ceiling roses and feature corncicing combined with high-quality fittings & drapery create a sense of luxury in every room.

One of the more unique features you'll notice is the enclosed courtyard central to the entire home. Relax drinking by the fountain, completely private and spacious
